

### RESEARCH TOPICS

**Paleozoic marine ecosystems in Europe:** dating, evolution of fossil communities, organism-sediment relationships in environments with different oxygenation and comparisons with modern analogues.

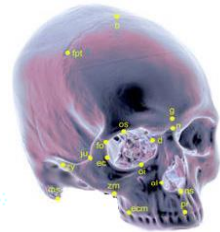

**Dating** of marine Paleozoic sediments

### CONTACTS

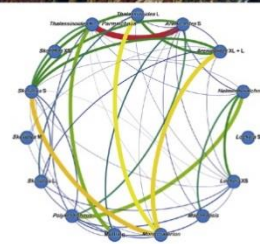

Prof. Annalisa Ferretti  
[annalisa.ferretti@unimore.it](mailto:annalisa.ferretti@unimore.it)  
Tel. +39 059 205 8470

Dr. Andrea Cardini  
[andrea.cardini@unimore.it](mailto:andrea.cardini@unimore.it)

Dr. Andrea Baucon  
[andrea@tracemaker.com](mailto:andrea@tracemaker.com)

**Morphological evolution** in existing and extinct organisms

**Geomicrobiology** and **ichnology** in extreme environments
